

26.05.2020 HT's Daily Update for Families

School Recovery Plan, Tree-mendous task and Connect Events

★ Good afternoon all.

★ I hope you are well and have had the chance to enjoy some of this glorious sunshine.

★ Today's update is later than usual due to the huge amount of work taking place with regards to transition, home learning provision for the rest of this session and the recovery plan for schools going back in August.

★ As you can imagine there is a massive amount to be discussed and considered to make sure that we get the model right, or as right as we can in these unprecedented times, for all of our children and families.

★ We are expecting guidance from the Council by the end of this week, when we will be able to work on what our model is going to look like for children returning to school.

★ We will also be able to share our plans for the remaining weeks of term.

★ I know this is a time of heightened anxiety for children, parents, carers and staff. I thank you for your continued support and belief in what we are doing at the Royal High Primary School.

★ In the meantime, if you have any pressing questions, please do not hesitate to contact me through the school admin account.

★ Today I have two things to share with you.

★ The first is from Farm to Fork and is a learning activity all about 'Tree-mendous Trees'. Perfect for a day like today!

★ The second is some information about events organised by 'Connect' to support parental engagement, from organising Parent Council AGMs to help for parent groups in supporting their school and community in this current climate.

★ Very different communications but equally valuable in their own right!

★ I will continue to keep you updated and share any new information as soon as I have it.

★ Take care, keep well and stay in touch.
