Our staff team will allocate the groups and considerations will be given to classes, siblings and friendships when doing so. Children attending both breakfast club and after school club will be grouped together.

Yes, each group/bubble will be allocated their own toilet facilities where they will have access to soap and warm water. The RHPS pupils will use the toilet designated to them for during school time to minimise risk infection. Hand sanitiser will also be available within the setting and will be used when going outdoors and upon their return.

Where practicable, each group/bubble of children will have access to their own resources and equipment. However, where equipment is used by multiple groups, it will be cleaned thoroughly before use.

- **What if my child displays symptoms when attending the setting?**

- Your child would be taken to the designated 'isolation room' within the school where they would wait until you come to collect them. Please come to the entrance at the far left of the school (near the wildlife garden) to collect your child in line with the school's infection control risk management
- We would ask you to collect your child as a matter of urgency before returning home to self-isolate and arranging a test.
- Your child would not be permitted to return to the setting until the test results are received.

- **Will my child still receive snack?**

Yes, snack will continue to be provided but the routine will look a bit different. All snack will be prepared and served by a staff member to each individual child in their group/bubble.
